Identity and Values

Students will be able to articulate their own identity and values and apply to making decisions.

- Articulate purpose and direction in life (vocation)
- Develop a sense of responsibility to self, community, and the world
- Develop an identity grounded in religious, ethical, and moral convictions
- Demonstrate both compassion and a commitment to justice toward others

[Foundations and skills for lifelong learning](#) AAC&U Essential Learning Outcome Metarubric

Principled Leadership

Students will be able to apply ethical principles to problem solving.

- Develop personal principles of ethical leadership
- Evaluate the impact of leadership actions
- Self-assess for intentional growth as an ethical leader

[Ethical reasoning](#) AAC&U Essential Learning Outcome Metarubric

Interpersonal and Teamwork

Students will be able to cooperate and collaborate effectively with others.

- Demonstrate interpersonal skills (oral and written communication, active listening) and sensitivity to diverse opinions
- Apply skills of cooperation, collaboration, negotiation, and group decision-making in a team environment

[Teamwork](#) AAC&U Essential Learning Outcome Metarubric

Cross Cultural Competency

Students will be able to demonstrate respect for people of different cultures.

- Identify influences of one or more historical eras and unfamiliar cultures
- Identify and compare critical ideas, traditions, and artifacts of cultures
- Describe how different cultures have contributed to the contemporary world
- Demonstrate strong cross-cultural analytic and communication skills
- Identify and explain the social importance of race, ethnicity, culture, gender, sexuality, class and religion
