NEW 7-YEAR PROGRAM REVIEW CYCLE BEGINS

Notes: 1. Revised Fall 2011 to minimize bottlenecks in the process; 2. Since report start and due dates are 24 months apart, programs should have sufficient time to adjust to vacations and sabbaticals. 3. This revision in schedule accounts for vacant staff positions in 2010-2011. 4. Empty Months are for possible expansions or for substantive changes that require 3 year reviews.

Programs in **BOLD** have turned in a completed program review but may still need external review reports, action plans, or responses to the external reviewer report.
